

HAPPY TAILS MATTING WAIVER

MATTING ACKNOWLEDGEMENT

I acknowledge that my dog's coat is severely matted and that this may cause discomfort and conceal underlying skin conditions such as irritation, sores, or infections.

RISKS OF GROOMING

I understand that removing severe matting carries an increased risk of skin irritation, clipper rash, and minor cuts due to the tightness of the coat against the skin. While every care is taken, I accept that these risks cannot always be avoided.

SHAVING AUTHORISATION

I authorise Happy Tails Grooming to shave my dog as necessary to safely and humanely remove matting. I understand that this may significantly change my dog's appearance.

POST-GROOM EFFECTS

I understand that my dog may experience sensitivity, itching, or irritation after the groom due to the removal of matting and exposure of the skin.

RELEASE OF LIABILITY

I agree that Happy Tails Grooming is not responsible for any pre-existing conditions uncovered during grooming, and I release the salon from liability for any irritation, cuts, or after-effects resulting from the removal of severe matting.

ONGOING CARE

I understand that regular grooming and coat maintenance are essential to prevent matting in the future.

AGREEMENT

I confirm that I have read and understood the above and give full consent to proceed.
